PROFESSIONAL SUMMARY

BCA Graduate with a strong foundation in Python Fundamentals, including Collections, Functions, Modules, File Handling, Object-Oriented Programming (Classes, Objects, and Inheritance), SQL, and basic web development concepts. Currently learning Django and developing hands-on projects to build practical backend development skills. Looking for an entry-level Python/Django Developer opportunity where I can apply my technical knowledge, gain industry experience, and grow as a Python developer.

KEY SKILLS & TOOLS

TECHNICAL SKILLS :

Programming Language: Python

Framework: Django (Learning)

Database: MySQL (SQL), SQLite3

Web Technologies: HTML5, CSS3, Basic PHP

Version Control: Git, GitHub

Core Skills:

- Object-Oriented Programming (OOP)
- Python Collections
- Functions & Modules
- File Handling
- Exception Handling
- Regular Expressions (Regex)
- Debugging
- SQL Queries
- Basic Django (Models, Views, Templates, URL Routing)

Tools:

- Visual Studio Code
- MySQL
- GitHub
- SQLite

SOFT SKILLS :

- Problem Solving
- Logical Thinking
- Communication Skills
- Team Collaboration
- Time Management
- Adaptability
- Quick Learning
- Positive Attitude

WORK EXPERIENCE

Programming Task Contributor (Work From Home)

Technologies: Python, JavaScript, TypeScript

- Worked on structured programming tasks involving multiple files such as prompt, problem, interface, requirements, and rubric
- Analyzed and resolved errors in problem statements, interface definitions, and requirement files
- Created and improved rubric files for evaluating task quality and correctness
- Applied logical thinking and debugging skills to ensure accuracy and consistency across tasks
- Gained hands-on experience in problem analysis, code understanding, and structured documentation

Graphic Design Intern : Ocean Infotech

- Designed social media posts, banners, and marketing creatives using Canva
- Created basic designs and layouts using CorelDRAW
- Assisted in developing visual content based on client requirements
- Collaborated with team members to deliver projects on time
- Gained hands-on experience in graphic design and creativity tools

FEATURED PROJECTS

Travel Booking System

Technologies: PHP, MySQL, HTML, CSS, JavaScript

- Developed a dynamic travel booking website with multiple pages including Home, Packages, About Us, and Contact Us
- Implemented user registration and booking functionality for travel packages
- Enabled ticket generation and download feature for users
- Integrated MySQL database for managing user data, bookings, and travel information
- Designed a fully responsive user interface using HTML, CSS, and JavaScript
- Ensured seamless navigation and efficient data handling through backend integration

Recipe Website

Technologies: PHP, MySQL, HTML, CSS, JavaScript

- Developed a fully responsive recipe website with multiple pages including Home, Categories, Items, Recipes, About Us, and Contact Us
- Implemented category-wise recipe organization for easy navigation
- Added user review functionality for recipes
- Designed and managed dynamic content using PHP and MySQL database
- Built a user-friendly and responsive interface using HTML, CSS, and JavaScript
- Ensured smooth navigation and optimized layout for different screen sizes

ACADEMIC PROJECTS

Qualification	Institute	Details
Bachelor of Computer Applications (BCA)	Atmiya University, Rajkot, Gujarat	Expected Graduation: 2026 CGPA: 9.42/10.00
Higher Secondary (Commerce)	Shri Raj School, Rajkot, Gujarat	Graduated: 2023 PR: 99.06
Python Backend Development (Python + Django)	TOPS Technologies,Rajkot	Pursuing : Python, Django, Flask , MySQL, HTML, CSS, Git & GitHub

ACHIEVEMENTS & CERTIFICATES

ACHIEVEMENTS :

- Achieved 7th Rank in BCA at Atmiya University with a CGPA of 9.42/10.00.
- Secured 6th Rank in Higher Secondary (Commerce) School Academic Performance.

CERTIFICATES :

- Python Fundamentals for Beginners – Great Learning
- Graphic Designing Internship Certificate – Ocen Infotech (Completed Internship)
